# GEORGI DIMOV

## Software Developer

A motivated and enthusiastic computer science student seeking for a job opportunity as a software developer. Possessing knowledge in various technologies, including Java, HTML, CSS, JavaScript, React, C++, and a passion for learning and developing new skills. Seeking a chance to apply my theoretical knowledge to real-world projects and grow as a software developer. Commited to delivering high-quality results and eager to contribute to a team enviroment.

## LANGUAGES

**Bulgarian**
*Native or Bilingual Proficiancy*

**English**
*Full Professional Proficiency*

## WORK EXPERIENCE

**Blankfactor**

Java Software Engineer - Intern

*04/2023 - 07/2023*

## CERTIFICATES

- **NextGen Internship**
- **Udemy Web Development**

## EDUCATION

◆ **High School**

PPMG "Akad. Nikola Obreshkov"  High School of Mathematics and Science

*09/2015 - 05/2020*                                    *Razgrad, Bulgaria*

◆ **Information Technologies in Industry, Technical University of Sofia**
(First semester)

*09/2020 - 01/2021*                                    *Sofia, Bulgaria*

*Courses*
- Mathematics I
- Fundamentals of Engineering Design I
- Programming and computer applications I (C included)

◆ **Information Technologies in Industry, Technical University of Sofia**
(Second semester)

*02/2021 - 06/2021*                                    *Sofia, Bulgaria*

*Courses*
- Mathematics II
- Fundamentals of Engineering Design II
- Programming and computer applications II (C included)

*Razgrad, Bulgaria*

◆ **Information Technologies in Industry, Technical University of Sofia**
(Third semester)

*09/2021 - 01/2022*                                    *Sofia, Bulgaria*

*Courses*
- Mathematics III
- Theory of Electrical Engineering and Measurements
- Programming and computer applications III (Java included)

◆ **Information Technologies in Industry, Technical University of Sofia**
(Forth semester)

*02/2022 - 06/2022*                                    *Sofia, Bulgaria*

*Courses*
- Micropocessor Devices
- Database (SQL included)
- Algorithms & Programs Synthesis
- Management of IT Projects

◆ **Information Technologies in Industry, Technical University of Sofia**
(Fifth semester)

*09/2022 - 01/2023*                                    *Sofia, Bulgaria*

*Courses*
- Computer Architectures
- Operating Systems
- Computer Networks
- Object-Oriented Programming (C++ included)
